National School Lunch Program
Fiscal Year 1952
Peanut Butter Purchase

| | <u>Approved</u> | <u>Amendments</u> |
|--------------------------------|-----------------|-------------------|
| Board of Directors, CCC | 7/3/51 | |
| Secretary of Agriculture | 7/5/51 | |

Docket No.: SLP 68a

Commitment: \$1,250,000

Budget Classification: Purchase for direct distribution (Section 6)

Authority: Section 6, National School Lunch Act (42 U.S.C. 1946 ed., 1755) and Department of Agriculture Appropriation Act (P.L. , 82nd Congress), approved

Objective: To assist schools in meeting the minimum nutritional requirements for a well-balanced school lunch. Peanut butter has a high caloric content and is an excellent source of food energy. It also provides protein and fat at a relatively reasonable cost.

Eligibility:

Minimum Grade: Peanut butter purchased will be U.S. Grade A, as defined in "United States Standards for Grades of Peanut Butter", effective September 1, 1942.

Containers: Peanut butter will be packed in containers in sizes most suitable for use by schools.

Maximum Quantity: Purchases shall be limited to such quantity as can be acquired and distributed within the limit of funds authorized. It is estimated that approximately 5,000,000 pounds can be purchased.

Operations: Purchases of peanut butter will be made in the Continental United States f.o.b. cars or trucks at shipping point during fiscal year 1952 by competitive offers pursuant to announcement. Purchase price shall not exceed current market prices at the time and in the area of purchase. All purchases will be inspected and checkloaded by authorized representatives of USDA and charges therefor borne by contractor. Distribution will be made to States and schools pursuant to Section 6 and in accordance with needs as determined by local school authorities.

The Administrator is authorized to make minor adjustments between Section 6 programs for charges other than commodity costs. This eliminates the necessity for subsequent docket amendments to allow for transfer of funds between dockets to pay non-commodity costs greater than originally anticipated.

Fiscal Year 1952

Purchase and Distribution of Pasteurized Process American Cheese

| | <u>Approved</u> | <u>Amendments</u> |
|------------------------------------|-----------------|-------------------|
| Board of Directors, CCC | 7/3/51 | |
| Secretary of Agriculture | 7/5/51 | |
| Docket No. SLP 46a | | |

Commitment: \$4,570,000

Budget Classification: Purchase for direct distribution (Section 6) .

Authority: Section 6, National School Lunch Act (42 U.S.C. 1946 ed. 1755) approved June 4, 1946 and Department of Agriculture Appropriation Act (P.L. 82nd Congress), approved

Objective: To assist schools in meeting the minimum nutritional requirements for participation in the National School Lunch Program. Cheese will materially assist schools in meeting lunch type Requirements since it is an excellent source of food energy in the form of protein and fat. In addition, it can be served in a variety of ways with little or no waste.

Eligibility: Pasteurized process American cheese conforming to the applicable provisions of the Federal Food, Drug and Cosmetic Act. The cheese shall contain no more than 40% moisture and, on a water free basis, not less than 50 percent milk fat.

Maximum Quantity and Containers: Quantities limited to such amount as can be purchased within the funds available. It is estimated that approximately 10,000,000 pounds will be purchased in containers most suitable for school-lunch use.

Operation: Purchases of process cheese will be made by competitive offers pursuant to formal announcement. Inspection and checkloading shall be by authorized representatives of the USDA and all charges shall be borne by the vendor. Prices shall not exceed current market prices at the time of purchase and in area of delivery. Cheese will be distributed among States and schools, pursuant to Section 6, in accordance with the needs as determined by local school authorities.

The Administrator is authorized to make minor adjustments between Section 6 programs for charges other than commodity costs. This eliminates the necessity for subsequent docket amendments to allow for transfer of funds between dockets to pay non-commodity costs greater than originally anticipated.

National School Lunch Program
Fiscal Year 1952
Purchase and Distribution of Dry Edible Beans

| | <u>Approved</u> | <u>Amendments</u> |
|--------------------------------|-----------------|-------------------|
| Board of Directors, CCC | 7/3/51 | |
| Secretary of Agriculture | 7/6/51 | |

Docket No.: SLP 36a

Commitment: \$900,000

Budget Classification: Purchase for direct distribution (Section 6)

Authority: Section 6, National School Lunch Act (42 U.S.C. 1946 ed. 1755) approved June 4, 1946 and Department of Agriculture Appropriation Act, 1951, P.L. . 82nd Congress), approved _

Objective: To assist schools in meeting the minimum nutritional requirements for participation in the National School Lunch Program. Dry edible beans with their high protein value are an excellent source of food energy and can be purchased at a relatively reasonable cost.

Eligibility: Dry edible beans purchased in Continental United States in 100# burlap bags or other containers suitable for distribution under this program. Purchases of dry edible beans shall be U.S. No. 1 grade, or better, 1950 crop acquired by the Commodity Credit Corporation in price support operations.

Maximum Quantity: Quantities limited to such amount as can be purchased within the funds available. It is estimated that approximately 10,000,000 pounds will be purchased.

Operations: Purchases will be made from Commodity Credit Corporation by purchase contract. Prices paid will be those which will reimburse the Corporation for its actual or average total costs of the beans prior to the time of transfer of title or market prices at the time and place of transfer, whichever is lower. The varieties of beans purchased shall be determined by Administrator, FMA. Inspection and checkloading shall be made at expense of CCC by authorized representatives of the U. S. Department of Agriculture. The actual or average costs of such inspection and checkloading shall be included as a part of purchase price paid to Commodity Credit Corporation. Dry edible beans will be distributed among States and schools, pursuant to Section 6, in accordance with the needs as determined by local school authorities.

The Administrator is authorized to make minor adjustments between Section 6 programs for charges other than commodity costs. This eliminates the necessity for subsequent docket amendments to allow for transfer of funds between dockets to pay non-commodity costs greater than originally anticipated.

Purchase of Canned Vegetables

| | <u>Approved</u> | <u>Amendments</u> |
|------------------------------------|-----------------|-------------------|
| Board of Directors, CCC | 7/3/51 | |
| Secretary of Agriculture | 7/5/51 | |

Docket No. SLP 83a

Commitment: \$4,405,000

Budget Classification: Purchase for direct distribution (Section 6)

Authority: Section 6, National School Lunch Act (42 U.S.C. 1946 ed. 1755)
and Department of Agriculture Appropriation Act (P.L. 82nd Congress),
approved

Objective: To assist schools in meeting the minimum nutritional requirements for a well-balanced school lunch. Canned vegetables are highly desirable as an item for the school-lunch because they are rich in minerals and vitamins and add variety to the lunch.

Eligibility:

Minimum Grade: Canned vegetables of 1951 pack of grades suitable for school-lunch use, and on basis of United States Standards, will be purchased.

Containers: Canned vegetables will be purchased in commercial type tin containers in sizes most suitable for use by schools.

Maximum Quantity: Purchase will be limited to such quantity as can be acquired and distributed within the limit of funds authorized. Present estimates are as follows:

| <u>Vegetable</u> | <u>Quantity (pounds)</u> |
|------------------------|--------------------------|
| Tomatoes | 10,000,000 |
| Tomato paste | 7,500,000 |
| Green snap beans | 5,000,000 |
| Whole kernel corn | 5,000,000 |
| Tomato puree <u>a/</u> | 10,000,000 |
| Peas <u>a/</u> | 5,000,000 |

a/ Alternate commodities in case the first four named are not obtainable in sufficient quantities.

Operations: Purchases will be made in the Continental United States f.o.b. cars or trucks at shipping point during fiscal year 1952 by competitive offers, pursuant to formal announcement. Purchase prices shall not exceed current market prices at time of purchase and in area of delivery to USDA. All purchases shall be inspected and checkloaded by authorized representatives of USDA, and charges therefor borne by contractor. Distribution will be made to States and schools pursuant to Section 6 and in accordance with needs as determined by local school authorities.

The Administrator is authorized to make minor adjustments between Section 6 programs for charges other than commodity costs. This eliminates the necessity for subsequent docket amendments to allow for transfer of funds between dockets to pay noncommodity costs greater than originally anticipated.

National School Lunch Program
Fiscal Year 1952
Purchase of Canned & Dried Fruits

| | <u>Approved</u> | <u>Amendments</u> |
|------------------------------------|-----------------|-------------------|
| Board of Directors, CCC | 7/3/51 | |
| Secretary of Agriculture | 7/5/51 | |
| Docket No. SLP 183a | | |

Commitment: \$4,650,000

Budget Classification: Purchase for direct distribution (Section 6)

Authority: Section 6, National School Lunch Act (42 U.S.C. 1946 ed. 1755) and Department of Agriculture Appropriation Act (H. R. 82nd Congress), approved

Objective: To assist schools in meeting the minimum nutritional requirements for a well-balanced school lunch. Canned and dried fruits are highly desirable as an item for the school-lunch because they are rich in minerals and vitamins and add variety to the lunch.

Eligibility:

Minimum Grade: Canned and dried fruits will be purchased on the basis of United States Standards or modifications as determined by the Administrator.

Containers: Canned fruits will be purchased in tin containers and dried fruits will be packaged in commercial type containers in sizes most suitable for use by schools.

Maximum Quantity: Purchases shall be limited to such quantities as can be acquired and distributed within the limit of funds authorized. It is estimated that approximately 30,000,000 pounds of canned fruit (principally cling peaches and red sour pitted cherries) and up to 10,000,000 pounds of dried fruit (principally prunes and raisins) will be purchased.

Operations: Purchases of canned and dried fruits will be made in the Continental United States f.o.b. cars or trucks at shipping point during fiscal year 1952 by competitive offers, pursuant to formal announcement. Purchase price will not exceed current market prices at time of purchase and in area of delivery to USDA. All purchases will be inspected and checkloaded by authorized representatives of USDA and charges therefor borne by contractor. Distribution will be made to State and schools pursuant to Section 6 and in accordance with needs as determined by local school authorities.

The Administrator is authorized to make minor adjustments between Section 6 programs for charges other than commodity costs. This eliminates the necessity for subsequent docket amendments to allow for transfer of funds between dockets to pay non-commodity costs greater than originally anticipated.
